

FOR IMMEDIATE RELEASE

ORGANIC TECHNOLOGIES ANNOUNCES EXCLUSIVE DISTRIBUTION AGREEMENT FOR ALASKOMEGA® OMEGA-3 FISH OIL PRODUCTS IN EUROPE WITH BIORIGINAL EUROPE/ASIA B.V.

COSHOCTON, OH – November 8, 2013 - Organic Technologies today announced that it has finalized an exclusive distribution agreement with Bioriginal Europe/Asia B.V. for its line of AlaskOmega® Omega-3 fish oil nutritional ingredients for sale into European and related countries. AlaskOmega® is a broad Omega-3 ingredient line consisting of natural wild Alaskan fish oils, ethyl ester (EE) concentrates, and triglyceride (TG) concentrates. One of the unique characteristics of AlaskOmega® is that it is the only Omega-3 fish oil concentrate worldwide that is certified as sustainable by the Marine Stewardship Council (MSC).

“We are pleased with the experience, dedication, and knowledge that the Bioriginal team brings to the distribution and sales of our AlaskOmega® products.” said Dan Wiley, Vice-President of Nutrition and Health for Organic Technologies. “Their 20-year history in producing and selling a broad range of Omega-3, -6, and -9 essential fatty acids (EFAs) from plant and fish oils was a deciding factor for us when selecting a distribution partner.” Wiley went on to state, “With the expert sales team at Bioriginal to provide prompt customer service, along with local warehousing and distribution of AlaskOmega® from the Netherlands, we are now well prepared to supply the European market with an MSC-certified sustainable Omega-3 ingredient.”

“Distribution of the AlaskOmega® product range will be an excellent addition to our product ranges.” says René van Hoorn, Business Manager at Bioriginal. “The

MSC, high quality fish oil products match with our focus on sustainability and high quality Omega products and concepts. Organic Technologies' access to this unique source as well their dedication to make superior products were key elements in our decision to partner together.”

#####

About AlaskOmega®

Organic Technologies is the producer of the AlaskOmega® Omega-3 fish oil products which are “Caught in Alaska, Refined in Ohio.” We start with wild-caught Alaska pollock oil from the cold, clear waters of the Bering Sea, which is further refined and concentrated in our family-owned and operated NSF-certified GMP facility in Coshocton, Ohio. AlaskOmega® is available in EE and TG concentrates up to 85% Omega-3 content as well as natural wild Alaskan fish oils. Please visit <http://www.alaskomega.com> for more information.
